Spring 2007

1. Schaller is an amazing prof. I have learned so many relevant life experiences here that I couldn't possibly list them all. Schaller is fair and keeps his standards high. He doesn't let us settle for mediocrity.
2. Awesome instructor. Good w/ students, understanding – pushes us to succeed. He was very good at coming up with examples & gave us plenty of time to write a quality assignment.
3. Bob is a great teacher who seems to really care about his students. The course was challenging but I learned a lot. It is a course that will benefit me in the future.
4. Bob does a very good job of understanding his students & their needs. He is very out-going which makes it easier to talk with him when having problems in the class or else where.
5. Overall Mr. Schaller is one of, if not the best college professors I have had thus far in my three years of college. He not only takes time for his students but cares and is always willing to help.
6. Good teacher.
7. I've learned a lot from Bob this semester. He challenges us & expects the best from us, but he's also very accommodating and helpful. He's always available to answer questions, and he's helped numerous students find jobs and internships. This class has greatly improved my writing skills and I'm happy to have had Bob as a lab teacher. I have nothing but praise and thanks for him.
8. I loved this class. It is sad that such great teachers like Bob or Tracy Mahoney are leaving & bad instructors seem to stick around. Bob did a great deal to help us all understand AP style even though many of us had never used it before. Bob is the kind of teacher that I enjoy talking to & will most likely continue to talk to.
9. I enjoyed this class a lot. Bob is really the first professor I ever had that cared about my career and tried to help me find a job. I see the passion he has for journalism, and makes me want to become a better writer. Thanks to him I know what I want to do with my life, and I have appreciated his help.
10. Overall I thought the class was taught very well. Bob uses humor to make people feel more comfortable & really made the effort to be liked. With his experience in

writing, he was an excellent choice for the lab instructor of this course. He has no problem helping student achieve the highest grade. He was very helpful.

11. I really enjoyed this class. I feel that I have learned so much from this class. I feel that my writing abilities have improved. Bob was a great teacher. I learned a lot from him, about class materials and more, and he always made the class fun.
12. Bob was an excellent teacher. He made sure that everyone was doing things correct, which made it easier to learn. He was very easy to work with and to get along with.
13. This was by far my favorite class of the semester. New to reporting and newswriting, Bob explained the process effectively and with his enthusiasm, extensive knowledge of the field and magnetic personality, I got a great deal out of the class. Bob used clear examples and was motivating to the class, pushing us into out-of-class experience. He is an excellent instructor, never making anyone feel badly about himself, and uses fair tactics while keeping the class fun. I will sincerely miss my interactions with him and give him nothing but the highest accords.
14. Outstanding instructor with a genuine concern for the success of his students. Extremely helpful and approachable.
15. I thought that the material presented in this course was well presented. The AP manul/style book information could have presented better along with the world collide information. I have become a better writer thanks to the information that was presnted in this course and learned that I could make a living in the news room if need.
16. I have never met a person who has struck a cord with me instantly. Bob is the type of person you could spill your darkest secrets to and know that they would be safe and that you would not be judged. He is effortlessly the best professor I have had in my entire life. He has such passion for his work, but even more passion for his students. He would give you the shirt off his back if thought it would help you. This is why he is an impecable teacher and one that I will not soon forget.

Spring 2007

1. Bob is a great teacher who will go out of his way to help his students. Thanks, Bob.
2. Bob rocks. Good class
3. Nothing to say. Great Instructor. One of the Best
4. The most fair and honest teacher that I have had in my college experience. He is very helpful, and understanding.
5. Bob is good guy he goes through class assignments & quizzes very thoroughly. I've known Bob for quite sometime & I was glad to take a course with him.
6. Overall, the lab part of this class was phenomenal. I grew so much as a writer, I think, due to Mr. Schaller. The lecture was pretty good too, but I was only challenged to think some of the time. I think the lecture should require more effort and guidance, it being a main part of the class. Overall, though, a great course!
7. Bob really made this class enjoyable, He is a great teacher who really cares about his students. I can talk to him about any of my classes. He is very helpful in many ways! Great glass & great teacher!
8. Bob was awesome! He cares so much about his students and their success. He loves to joke around but expects a lot from his students. I learned a ton.
9. I found this course to be very relevant to what I want to do after college it wasn't just a bunch of stupid busy work. It also helped that Schaller knows what he is talking about when it comes to newswriting. He also interacts very well with his students which makes the class more enjoyable.
10. Bob is awesome! Enough said. Yet I feel I should more. Bob – since I know you'll be reading this – what's up buddy? Thanks for being such a great prof. I've learned so much in this class, and your genuine care of all of us is something I seldom see in college, so don't lose it! Good luck at Harvard, and tell Garritt I said hi.
11. Bob, oh Bob! What can you say? He knows what he's teaching & he tries hard to get it across to his students. While friendly, he can be a pompous jerk, but I guess

that's why we love him. He has been both an asset to this university & my education.

12. Bob is a great teacher. He interacts with the class well. Everyday I look forward to coming to because it is fun and I feel that I learn a lot. Whenever there has been a problem he has addressed it. The environment in the classroom is great for that reason
13. Bob challenged our minds and made sure we always pushed ourselves. We had fair & well organized assignments. His humor & skills helped to keep everyone involved and wanting to do well. He made a lot of friendships as well as bringing the class together, while teaching us effectively.
14. Dr. Schaller is simply one of the best teachers I've ever had. He creates a fun atmosphere to learn about serious news writing, and he's very hard on us. However, his genuine concern for his students shines through. He makes himself available to help us and his assignments, while difficult, are fair.
15. Bob cares about his students and would bend over backwards for them despite his somewhat sarcastic nature.
16. I felt like this class was very well organized and instructed. Professor Schaller did an excellent job with this class, and I feel as though my writing skills have truly improved from being here. He is a very knowledgeable teacher and he passes on what he has learned very effectively.
